Sub: Invitation for the Aesthetic Week – **GEETANJALI FEST 2017**.

Respected Sir/Madam

***“Holistic education is the practice of freedom to create, produce and work when motivation is stimulated by natural curiosity...”***

Extracurricular activities during the time at school — from sport, music and drama to personal development and community service programs provide an apt platform for students to develop and refine their social skills. In addition, extracurricular activities are great for developing general academic and soft skills. Sports for teamwork, scholastic competitions for knowledge and drama for public speaking. Balancing a number of commitments can help to improve students' time management skills, while finding an area where they can boost their self-confidence.

It gives us immense pleasure to inform you that Doon Public School is hosting '**GEETANJALI FEST 2017**'. This fest aims at providing a platform to the students to display and develop their creative, sporting, scientific and innovative skills which are an integral part of the holistic development of every child.
